

CHIPOTLE IS HIRING!!!

Chipotle is looking for hard workers who will be committed to our restaurant and our goals. We expect our workers to be able to work fast, efficient, and under pressure. The main thing you need to be able to do to work and be successful at chipotle, is being able to work well with a team. Our services are generated off of teamwork.

At Chipotle we take pride in our fresh ingredients and where they come from. We expect our employees to know where the food comes from, and be able to tell our customers if they want to know about it.

We hope you consider joining our team!
